

# York River District United Methodist Men

All UMMen's Fellowships are encouraged to participate in the ministry and mission of the York River District United Methodist Men. We are a connectional denomination and with that we share in the responsibility of meeting the needs of others. As we continue to work with the Virginia Conference, the National and International Organizations in the United Methodist Church, we help others in this world and share the love of Christ with them.

We ask that you help support the work of the York River District UMMen with an annual financial giving. Your York River District UMMen Officers are available to help all fellowships with information, leadership support, and programs. Without your financial support, we would not exist to serve you.
